

Immunization Requirements

Did you know:

Since 1978, Michigan law (PH Code: 333.9208) requires that each student possess a certificate of immunization or valid immunization waiver at the time of registration or no later than the first day of school upon entry into seventh grade.

Will your child be ready for 7th Grade?

Students entering 7th Grade need to have the following immunizations by the start of the school year:

- Tdap- (tetanus, diphtheria, pertussis)- 1 Dose eligible at AGE 11
- Meningococcal Conjugate (MCV4)- 1 Dose eligible at AGE 11
- *4 doses DTP or DTaP- 1 dose must be at or after 4 years of age
- *4 doses of Polio- 3 doses if dose 3 was given at or after 4 years of age
- *2 doses of MMR at or after 12 months of age
- *3 doses of Hepatitis B
- *2 doses of Varicella (Chickenpox) at or after 12 months of age or Current lab immunity or documented History of varicella disease.

* These are also the required vaccinations for Kindergarteners and transfer students they are not new vaccinations

Parents or guardians choosing to decline vaccines must obtain a certified non-medical waiver from a local MI Health Department prior to the school year.

A student, who fails to meet the immunization requirement or have a valid waiver, will not be admitted to school.
