

Dear Fair Friends –

In 2017, the Lenawee County Fair Roots/Fair Improvement Committee continued the task of inviting our fair friends to decorate our many out buildings with decorative barn quilts. We were so pleased to have eighteen barn quilts hung throughout our fairgrounds during fair week. The barn quilts received many compliments from our fair visitors. Those eighteen quilts will be displayed again this year which will be held July 22-28,2018. We are, again, asking our fair friends to participate at our 2018 Lenawee County Fair by making a barn quilt to be hung during fair week. The theme for our 2018 fair is “Friends, Families and Fun at the Lenawee County Fair”. We have listed below the guidelines for our 2018 barn quilt project.

- Barn Quilts – be painted on one of the following size square boards –
 - 12” x 12”** (only 4 is needed for the ticket booths – Please note the first 4 entries of this size will be displayed on the ticket booths – the others will be displayed with the Grange display.)
 - 2’ x 2’** (Please have the 2’ x 2’ quilts ready to hang on the back)
 - 8’ x 8’** (only one of this size – please note this barn quilt will be located on the front of the grandstand)
- Please sign your quilt on the lower right hand corner with a permanent material. (This will allow our visitors to know who designed/painted the quilt.)

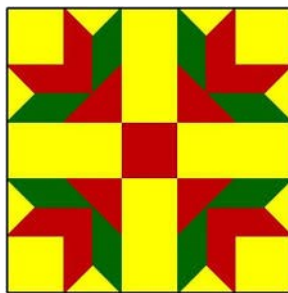

The fair has stored all 2017 barn quilts and will rehang them for our 2018 fair. We will need the new quilts brought to the fairgrounds by **July 2 2018** in order to have time to hang them. The quilts may be taken to the Women’s Congress Building by the Band shell and we will gather them from there. We welcome any and all new participants and the project is open to any club, group or individual.
