LENAWEE COUNTY INVESTMENT POLICY
To comply with Act 20 PA 1943, AS AMENDED

It is the policy of Lenawee County to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow needs of the County and comply with all state statutes governing the investment of public funds.

This investment policy applies to all financial assets of the County. These assets are accounted for in the various funds of the county and include the general funds, special revenue funds, debt service funds and capital project funds, (unless bond ordinances and resolutions are more restrictive), enterprise funds, internal service funds, trust and agency funds and any new fund established by the County.

The primary objectives, in priority order, of the County’s investment activities shall be:

Safety--Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to insure the preservation of capital in the overall portfolio.

Diversification--The investments will be diversified by security type and institution in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

Liquidity--The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

Return on Investment--The investment portfolio shall be designed with the objective of obtaining a rate of return throughout the budgetary and economic cycles, taking into account the investment risk constraints and the cash flow characteristics of the portfolio.

Authority to manage the investment program is derived from the following: Lenawee County Board of Commissioners’ most current resolution designating depositories and M.C.L. 48.40 requiring the County Treasurer to be the custodian of the County’s funds. Management responsibility for the investment program is hereby delegated to the Lenawee County Treasurer who shall establish written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to: safekeeping, cash purchase or delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, collateral / depository agreements and banking service contracts. No person shall engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Lenawee County Treasurer. The Lenawee County Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of the subordinate officials.
