# Emergency Preparedness

## Decreasing Health Threats

The Emergency Preparedness Program is committed to decreasing health threats from harmful diseases, pandemic flu, natural disasters and terrorist acts by:

- Developing plans, conducting trainings and working with local partners to protect the public's health
- Managing how vital medicine is given to the public during an emergency event
- Communicating important health information before, during and after any public health emergency

## Be Informed and Prepared!

Sign up for Lenawee Emergency Alerts and be notified immediately of local emergencies and severe weather conditions: [www.LenaweeAlerts.com](http://www.LenaweeAlerts.com)

## Get Involved!

The LCHD depends on volunteers to assist during an emergency! <https://mivolunteerregistry.org>
