Re: ARPA Meeting

Good afternoon,

Scheduling the next ARPA subcommittee meeting is dependent on receiving input, both from a legal standpoint and a compliance standpoint, on the Final Rule and determination of allowable uses of ARPA funds as it applies to the applications and projects that the Committee had previously identified. To date, we are still awaiting that input; therefore, no ARPA meeting has been set.

Once we have set the date and time for a meeting, another notification will be sent out. Please be sure that you have signed up for updates at <https://www.lenawee.mi.us/1022/American-Rescue-Plan>

The next ARPA meeting will be a "Committee of the Whole" meaning it will be a meeting for all County Commissioners to attend. The purpose of this meeting is to provide Commissioners with the information from both a legal and compliance standpoint, discuss the applications and projects that have been under consideration, and indicate which projects are allowable and which projects are not allowable per the Final Rule.

This will be a public meeting and therefore you are encouraged to attend.

Should you have any questions between now and then, please do not hesitate to contact my office.

Thank you,

Kimberly L. Murphy
Lenawee County Administrator
