

Lenawee County H1N1 Vaccination Clinics

Updated October 22, 2009

The CDC Advisory Committee on Immunization Practices has recommended the following 5 priority groups receive the first available doses of vaccine:

- Children and young adults (ages 6 months through 24 years)
- Pregnant women
- People who live with or care for children younger than six (6) months of age (e.g., parents, siblings, child care workers)
- Health care and emergency medical services workers, and
- People ages 25 through 64 years, who have certain chronic health conditions such as asthma, COPD, HIV, diabetes, heart disease, or lung disease.

*****ALL LISTED CLINICS ARE SUBJECT TO VACCINE AVAILABILITY.*****

If the Lenawee County Health Department does not receive adequate quantities of vaccine in time for listed clinics, the clinics will be rescheduled.

There is no cost for the H1N1 vaccine provided by the health department at these clinics.

OPEN CLINICS

The Health Department will make every effort to accommodate special needs requests, such as sign language interpretation at community vaccination clinics if given at least five days notice. Please call 264-5215 and leave a message with your request and contact information.

The following clinics are open to the public for those in the five priority groups:
