

LENAWEE COUNTY CASTING CALL

We are working on a series of videos to continue engaging the public in reducing the spread of COVID-19 in Lenawee County. We're looking for businesses, employees, vulnerable residents and their families, and health care workers who would like to share their story. We are interested in capturing all ages, races, abilities, languages, and religions.

1

Contact us on Facebook or Twitter (@lenaweecounty) or email us at: socialmedia@lenawee.mi.us if you would be willing to participate.

2

We will schedule a film team to visit the chosen participants (while social distancing). The filming will be done quickly and safely outside your residence or worksite.

3

Share your video once it is posted to our social media accounts and website with your family and friends.
